

Week 1

Sam Beazley - Ignite Us

Conversation starter.

Give each person a maximum of one minute each to share about when they were filled with the Holy Spirit.

Discuss the sermon. Best bits, what can you apply in your life this week.

Read John ch 14 v 16

Sam reminded us that we are called to live a supernatural life in a natural world. Talk about some hardships that we may encounter whilst trying to do this. Talk about your successes in this area.

Sam Talked about how he was weirded out by the Holy Spirit because he didn't understand it and yet he had a crazy friend who embraced it.

Where does your pendulum swing. Are you Crazy friend or do you not like it.

Sam said it was a travesty to sit and say it's ok for the Holy Spirit to take a back seat in our lives.

Share together about where the Holy Spirit is sitting in your life ?

Some of us know the Holy Spirit is in us yet at times we will resist him. Share about a time when you purposefully resisted the spirit. What was the end result ?

Sam talked us through about how the Holy Spirit is a comforter. That he doesn't parachute us out of problems but rather is with us in them.

Talk about something in your life you have encountered that would normally be difficult but you have found easier because of the help of the Holy Spirit.

Put on some quiet worship music. Take some time to reflect on submitting your life to the Holy Spirit and how that looks personally for you.

Deeper Action this week.

Challenge yourself daily to experience more and deeper of the Holy Spirit by saying I'm all in.
