**Share among the group stories of the best and worst presents that you have received.**

**Share your thoughts on the sermon. Best bits, challenging bits.**

Lucy threw us right into a great sermon about spiritual gifts by explaining to us that its not a power source that you reach up and pull down for your own agenda, but rather that the gifts of the spirit are given for the service of God to glorify him.

**Q) Have you ever misused your spiritual gifts for your own agenda?**

Lucy also showed us that the Difference between a personality trait and a gift, is the impact when it hits the other end.

**Discuss this statement.**

**Read 1 Corinthians 12.** This explains in detail how we each have different gifts but that each one is needed for the body of Christ. Lucy touched on being envious of others gifts.

**Q) Do you ever look at others and desire their gifts ?**

**Give the piece of paper and a pen to each group member. Write down your answers. Remember to talk to each other whilst you are doing this. Maybe they see something in you that you don't.**

**Spend some time using your gifts on each other. (If applicable.)**

**Finish with prayer.**
